REFERENCE : Form 610 with Attachment from CMO/DDA  
dated 27 September 1976, same Subject

1. Pursuant to reference request, the Office of Security has reviewed the proposed revision. It is recommended that the revision be expanded to include an exception to employ wives of Office of Security employees by our two overseas security staffs [REDACTED]. This recommended expansion can be made part of the proposed notice by rewriting that section of the notice that pertains to the Director of Security as follows, "final authority for such decisions is delegated...to the Director of Security for the [REDACTED] and Office of Security Overseas Groups." STATINTL

2. The Office of Security believes that the requested expansion is necessary as a protection against unfulfilled clerical requirements.

3. In putting forth this recommendation, it is assumed that any such employment would be endorsed and regulated by the DDO element responsible for hiring the station/base clerical help. It is also assumed that the employment would be contingent upon the satisfaction of all the specifics prescribed in the proposed notice.
